JOB ANNOUNCEMENT

INNOVATION EXPERT
September 2021

helixconnect

Consult. Finance. Grow.

helixconnect
Consult. Finance. Grow.

We work with researchers, innovators, NGOs, industry and government to help them grow and achieve impact.

About us

HELIXCONNECT EUROPE emerged in 2020 as a need for a better hands-on approach to facilitating innovation, helping organisations grow and enabling a proper integration among innovators, NGOs, industry and government. Our vision is to link Eastern Europe and Western Balkans with the global innovation systems and enable national knowledge and technology transfer.

With the up-rise of modern technologies and organisational performance frameworks, massive shifts and business model innovations are required in order to transform organisations to stay competitive while ensuring that they reach their intended impact in a fair and responsible manner.

As such, HELIXCONNECT EUROPE works under an international advisory board composed of leading influencers from industry, innovation and policy making sectors in order to devise tailored and applied solutions for organisations.

Why this opportunity ?

HELIXCONNECT EUROPE is currently involved in several European Union funded projects aiming to revolutionize digital education. We are currently looking for staff to help us with the implementation of these projects (as well as others) and potentially become our colleagues to help us implement our mission in Eastern Europe and Western Balkans !

Why are European Union funded projects important ?

- They help citizens access enhanced quality education, products and services.
- They facilitate the path of innovation development and market launch of products emerging both from companies and universities.
- They directly boost sustainable regional development and growth.
- They bring citizens together and develop the community spirit.
- They create jobs by supporting employment and entrepreneurship.
